

126501 GRAVITY

An incredibly comfortable full body fall arrest harness.

TOWERS/INDUSTRY

ROOFS

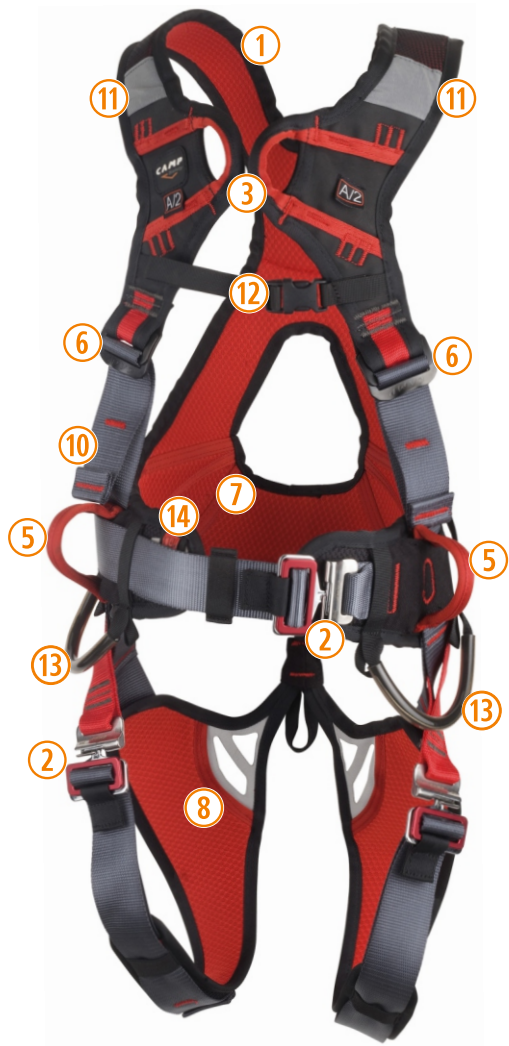

CONSTRUCTION

The padded structure wraps the body for the most uniform distribution of pressure.
 Patented STS automatic buckles on the waist and legs make it extremely easy to put on and take off.
 Two fall arrest attachment points: double textile loop in the front, aluminium alloy ring in the back.
 Textile loops on the sides for work positioning.

2 sizes.
